Product Story

Do Believe

As a product of the iBuildiShare series lineup, DUBILI's existence stems from the passion of DIY enthusiasts. Even the name DUBILI pays homage to the iBuildiShare series by being a mashup of "iBuild." DUBILI is the physical embodiment of the spirit of DIY and PC building.

Both InWin and the iBuildiShare philosophy advocates for creativity, and this is also why the letters "DU" represents the word "DO," and "BILI" is an abbreviation for "BELIEVE." As in, go "do" something you are passionate about and "believe" in yourself and your capabilities to do it.
